

- Masks
 - You must wear a mask at all times. No exceptions.
 - There is no excuse not to wear a mask. Wearing a mask protects your brothers and sisters at work, it also protects your families and loved ones.
 - Per state regulations you are not allowed to go out in public without a mask. You must also wear a mask at work. If you refuse to wear your mask, you **WILL** be fired. Any disagreement, you can call your BA.
