Jurisdiction: We cannot protect our jurisdiction if we are not on the job representing Local 94. We must continue to work hard and help each other out. If you need any help please do not hesitate to contact an officer.

Extra Work: We have been receiving a high volume of work on both the day shift and the night shift. The Officers are asking that you consider what's at stake and what may change if we fail to protect our jobs. We need everybody's help in covering our work.

Medical Bills: Please contact our Southern California Area Benefits Director Sam Alvarado at 310-833-5144 if you're having any problems with your medical bills or anything else associated with your healthcare.

Negotiations: Our Negotiating Committee is working as hard as they can to get through the 2014 Contract Negotiations. They have gotten through the Maintenance of Benefits (MOB) with a temporary agreement and are now focused on Wages, Manning, and jurisdiction. Please attend our Union Meetings for any updates as they become available.

Dispatch Issues: The officers would like to remind you that you must call back for your jobs in a timely manner. The time for the **Night side is between 2 pm and 3 pm** and for the **Day side between 4 pm and 4:45 pm.**

Comebacks: Over the last few weeks we've had several issues with the employers placing orders for jobs that are members have called their own replacement for. It is our obligation to take the comeback as per membership action and if you're not going to work you must call a replacement. The problem occurs when you tell the superintendent that you're not working the following day, knowing that you're going to call your own replacement, they misunderstand your intentions and reorder for your position. Please make sure that you communicate with your Ship Boss or superintendent so we can avoid this problem.

Minimum Callouts: If you receive a minimum callout you must be released and you cannot take a comeback.

Late for Work: We receive about five calls a day from Ship Bosses and superintendents that are looking for labor. If you have an emergency that is going to cause you to be late please notify the office, otherwise you need to make every effort possible to get to work on time.

Overlapping Shifts: As per **Membership Meeting of August 5, 2010**, It was agreed that you must call a replacement immediately upon discovering that you will be working extended and are unable to arrive at the next job in a timely manner. If this action causes you to replace yourself for the 3rd shift, there will be no penalty.

In Solidarity:

Daniel G. Miranda
President

Vice President
