

INTERNATIONAL LONGSHORE & WAREHOUSE UNION COAST LONGSHORE DIVISION

Robert Olvera, Jr.

Ryan Whitman

Frank Ponce De Leon

Cam Williams

MEMORANDUM

TO: ILWU Coast Longshore Division Local Presidents
FROM: The Coast Committee
DATE: October 14, 2025
SUBJECT: Kaiser Permanente Strike Notice

As you may have heard, Kaiser nurses are striking. Many members have inquired about how to best support them and whether or not Kaiser enrollees should utilize their medical services during the strike. Your health is always first and foremost and you should not suspend any scheduled or urgent medical services. The Coast Committee has been in contact with representatives of Kaiser's unionized nurses, who are not asking for anyone to stop using Kaiser. If anyone has an appointment, please keep it and use urgent and emergency room services as necessary.

Please let the striking nurses know that we all support them in their efforts to bargain a fair and equitable contract.
