

## MORE REFUNDS DUE FROM PERSONS ON EMERGENCY RELIEF

Two Have Returned \$79.42, Two Others Provide Notes to Settle. Others Sent Letters to Visit Office.

### APPLICANTS RECEIVE HELP. WORK PART TIME

7094 Families Receive \$154,780 During June, 6379 With \$90,000 Allocation in June Last Year.

Two Madison County men recently have made returns to the Madison County Emergency Relief Committee to the extent of \$79.42 for relief given them to which they were not legally entitled. County Director R. L. Cushing said today: "Two others have signed notes for refunds and several others will receive letters to-day or tomorrow in which they will be asked to make explanations to the relief office. Mr. Cushing said that it is impossible to determine whether or not applicants were ignorant of requirements or made misrepresentations intentionally."

Mr. Cushing said one Edwardsville family received full relief while the head of the family was employed part time. He said that according to an employer's report, the man had received from \$19 to \$59 each month during the past four months that the family was on relief. In cases of such irregularities the man is first given an opportunity to make a full and complete statement. No names were made public.

Mr. Cushing said the Illinois law makes it a misdemeanor for a person to make an application for support or relief that is not needed. The applicant may also be punished if the application is for a greater amount of relief or supplies than is required.

Mr. Cushing said 7094 families in Madison County received \$154,780.59 in direct relief from Illinois Emergency Relief Commission funds during the past month. This was an average of \$21.82. In reporting these figures Mr. Cushing pointed out that this did not represent the total relief allowance for the month, as in many cases it was supplemental to other income or represented relief given for only a fraction of a month. In addition to the above, \$1,131 was paid aside to pay wages for men assigned on work relief.

In June a year ago, according to the minutes of the county emergency relief committee 6379 families received relief. There are no accurate figures available here as to the total amount expended, but the records show that the total allocation for the

## DISMISS DARROW RECOVERY BOARD

Already Virtually Disbanded, Review Body Receives Its Notice.

Washington, July 6.—The Darrow Recovery Review Board, already virtually disbanded, received its formal notice of dismissal from President Roosevelt today.

The board's life actually ended six days ago, the White House revealed, but in the flurry of the president's departure the executive order was overlooked.

The action brought to a conclusion one of the stormiest chapters, not only in the life of the NRA but also in that of Clarence Darrow, the aged but fighting chairman of the board of criticism.

The president's order said that he was disbanding the agency because its work had been "substantially completed." Due to the resignation of three of the six board members, said the president, "any further investigations and reports would not be representative of the board as originally constituted or serve to effectuate the purpose for which it was created."

The order was dated June 30 and was effective July 1. The action was not considered surprising although the remaining members of the board had been prepared to continue for a short time to complete some details of this investigation.

### FLASHES

Leased Wire Bulletins on Latest World News Today

**Disband Symphony Orchestra.** St. Louis, July 6.—After an interrupted record of 54 years, the symphony orchestra will be disbanded for next season, it was announced by the St. Louis Symphony Society today. Plans for next year were put aside because of the adamant position of the musicians union in refusing to yield to the society's demands that two out-of-town artists be employed to fill vacancies.

**Penal Farm Fire.** Putnamville, Ind., July 6.—Fire broke out in the furniture and rock wool factory at the state penal farm near here today. After two hours fighting the blaze still raged and firemen had no hope of saving the building.

**Billion in Loans.** Washington, July 6.—The Home Owners Loan Corporation has expended more than \$1,000,000,000 to ease mortgage burdens or hundreds of thousands of small householders throughout the nation, Chairman John H. Cahey, announced today.

**Attorney Must Die.** Little Rock, Ark., July 6.—Mark H. Shank, Akron, O. attorney, convicted of murdering a family of four, must die July 27, Gov. J. M. Futrell decided this afternoon. Shank was denied a re-hearing of his case by the supreme court Monday.

## NATIONS FAIL TO SOLVE QUESTIONS

Naval Difficulties of United States, Great Britain Remain.

London, July 6.—Great Britain and the United States, in three weeks of naval negotiations, have failed to bridge their difficulties, it was learned authoritatively today.

Indications were that the negotiations might soon be adjourned until August and that thereafter an agreement might be reached to put the future battleship limit at 30,000 tons.

The battleship tonnage limit is a principal point of disagreement. Britain favors ships of 25,000 tons, the United States of 35,000.

Britain has hinted at willingness to compromise at a figure two or three thousand tons above 25,000. The United States apparently would go two or three thousand below its demand for 35,000 tons. Therefore it was indicated that a compromise at around 30,000 might develop.

Meanwhile, France has revealed intention to lay down a 35,000 ton battleship next year unless Italy abandons its decision to build two 35,000 ton ships.

The result is that Great Britain is trying to persuade Italy to relinquish its plan. Italy so far has been unresponsive.

As for the Japanese, it was reported here that Japan was delaying appointment of delegates to London because of the British-American differences. However, it may be that the Japanese cabinet crisis was responsible.

### FURNITURE MAN HERE VISITS CHICAGO MART

A trend toward modernistic house-furnishings and an inclination of higher prices were observed at the Furniture Mart in Chicago by D. R. Nieman, general manager of the Schwartz Furniture store here, who has returned to Edwardsville after inspecting the semi-annual display of furniture manufacturers.

Mr. Nieman said he ordered several carloads of furniture for early fall showing. Several suites already shown by the store here were similar to those on display at the mart, Mr. Nieman said. House-furnishings are more colorful, even in kitchen furniture, he said, and rugs are chiefly of oriental design.

### RACE HORSE OWNER'S MOVE BEFORE OFFICER ARRIVES

Detective Harry Schaefer of New Orleans arrived here this morning five days too late to serve a warrant at Fairmount upon William Cain, race horse owner, who shipped his horses Sunday to Syracuse, N. Y., and will later go to Cleveland. Cain owns several horses, some of which were winners in the recent meet at Fairmount Jockey Club.

Cain is alleged to have purchased an automobile in 1930 in which he placed a mortgage and removal from the state was restricted. Governor Henry Horner had issued necessary papers to permit return of Cain to New Orleans.

## MERCHANTS PLAN GOOD WILL TOUR TO BOOST PICNIC

Two Chamber of Commerce Committees are Arranging Day's Trip Over Trade Area of City.

### PLANS GET UNDER WAY FOR ANNUAL GATHERING

"Rube" Band to Accompany Party Which Will Cover East Half of County; August 7 is Proposed Date.

Edwardsville merchants and other citizens are making plans for a good will tour tentatively set for August 7, through the city's trade territory, to invite neighboring communities to send delegations to the annual farmers-merchants picnic to be held at American Legion Park in this city on Thursday, August 16. It is the first time that Edwardsville has attempted a good will tour.

A committee from the Merchants' division of Edwardsville Chamber of Commerce headed by Leonard J. Schwartz, and the Promotional Committee of the chamber, which is headed by W. H. Hotz, are making plans for the tour. It was estimated today that more than 100 persons will be in the party.

Mr. Schwartz said that it is planned to make the picnic more like the old time county fair, merchants taking a greater part in entertainment of visitors. He said the picnic will undoubtedly be the largest yet held. An automobile show may be an added feature this year. Girls and boys of 4-H clubs will have their customary part.

Under plans now being made the good will party will not be limited to business men and members of the Chamber of Commerce. Any citizen may join the group. The party will visit sections in the northern part of Madison County in the morning, probably having lunch at Staunton. The eastern half of the county will be visited during the afternoon. The schedule will provide for ending the tour at Highland about 5:30 o'clock. Supper will be served there.

A "rube" band will accompany the party while the musicians are providing entertainment others in the party will call upon organizations and business establishments, urging them to participate in the picnic.

### TWO HOXSEY SISTERS TO ASK DISMISSAL OF SUIT

Dismissal of a condemnation suit begun in the county court to secure land rights for route 150 is requested by Misses Mary I. and Jenny M. Hoxsey, of St. Louis, in a motion filed today at the office of County Clerk Norbert Hotz. The motion has been presented to Judge Wilbur A. Traies but he did not set a date for the hearing.

The motion charges that the route at the Hoxsey farm is not along the line proposed in the state law. The law described the general course of the route between Calro and a point on route 4 near Hamel. The plan provides for a Madison County connection at Warden Y Claims are made that the plan is not a minor change but an entirely different route. It is also claimed that the road does not extend through St. Jacob, as provided by law.

### LOCAL LIQUOR CONTROL GETS FIRST COMPLAINT

The first complaint against the proprietor of a tavern, G. E. McGarvey of Wilson avenue, Lincoln Place, Wood River Township, has been filed with the Madison County local liquor control commission. Members of the commission set the hearing for July 13, after McGarvey today asked a continuance.

The complaint charges he is selling to minors, violating the closing hour, failing to display a state license, operating in a disorderly manner, disturbing the peace and declares the place is a nuisance. The complainants are Seth Burtis, Flora Burtis, Vernon Prosser, Ida Prosser and Clara Porter, neighbors.

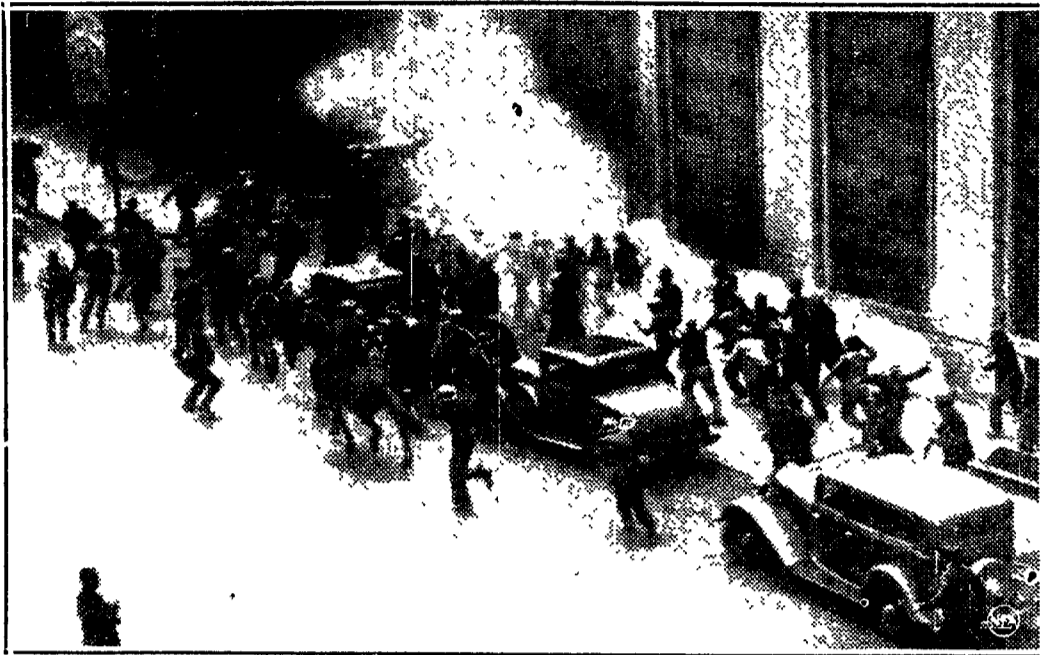

### Boy Fractures Arm.

Joyce, young son of Mr. and Mrs. John Bardsmeier of this city, received a fractured left arm last night when he fell to the ground from a tree. The arm was fractured.

### Pope Receives American.

Vatican City, July 6.—The Pope today received in audience the Most Reverend James M. Ryan, rector of Catholic University, Washington.

### Gas Stampedes Dock Rioters

Choked by tear gas and beaten with police clubs, rioters were hurled back and trucks roared through the picketed area to San Francisco piers, to load ships tied up for weeks by the longshoremen's strike. This photo was taken as rioters fled before the police attack, in which several were injured and many arrested.

## RELIEF DEPOT IS AGAIN SUSPENDED

New Federal Orders Affects 33 Men Employed in Various Relief Work.

Dissatisfaction has arisen in Madison County among 33 men doing administrative work relief who on July 1 were transferred to regular work relief projects and are given provisions instead of being paid wages as in the past. County Director R. L. Cushing said the instructions were received from the Illinois Emergency Relief Commission on Tuesday. The orders are applicable throughout Illinois and originate at Washington.

Eight of the men have been employed at the food depot here. They refused to work today. Others are employed in clerical positions, delivery service and as typists, garden foremen and janitors. All but four or five were working full time and \$61 monthly was the maximum wage. Salaries differed slightly, partly due to NRA.

Men at the food depot here this morning said that they were not satisfied with the new arrangement. Mr. Cushing said that there are 5000 pounds of meat in storage here which will spoil unless distributed to different communities or returned to storage at East St. Louis Madison County also has 45,400 pounds of other meat in storage which is due for distribution during the next week or two.

Mr. Cushing said that a conference with Harry P. Scott, district representative is impossible today. Mr. Scott was injured in an automobile accident at Effingham Tuesday and has been taken to Chicago.

Mr. Cushing said he is unable to make any modifications and will await developments. No attempts will be made to distribute the stored food.

## BETHALTO YOUTHS DROWNED IN RIVER

Bodies of Frank Gray and August Frey Recovered at Wood River.

Wood River, July 6.—Frank Gray, 36, and August Frey, 21, both of Bethalto, were drowned yesterday in Wood River Creek near its junction with the Mississippi.

There were no witnesses to the tragedy. Gray's body was recovered fully clothed and it is believed he lost his life trying to save his friend.

Four other members of the party—John Stiegler, William Brunk, Earl Humphrey and Jack Galliver—were swimming in the Mississippi, out of sight of the creek, when they heard Gray call that Frey was in trouble. They swam to the mouth of the creek, but when they arrived there Gray and Frey had disappeared.

Wood River firemen went to the creek with an inhalator, but Gray was found to be dead. Gray and Frey were unmarried and unemployed.

### Hit While Asleep.

St. Louis, July 6.—The weather here was hot. Al Florzak, 38, chauffeur, decided he would sleep outside. He took a blanket for a mattress and laid down on the ground near a garage and fell asleep. A truck came out of the garage and ran over him. He is in a critical condition.

### A ROYAL CUT

Sofia, Bulgaria, July 6.—The royal court announced today that King Boris had voluntarily accepted another reduction in his income in proportion to the recent salary cuts of government employees. This was the king's third voluntary cut in his income and household expense since 1930.

## EQUALIZE VALUES OF COUNTY STOCK

Pin Oak Township Valuations Up After Completion of Work of Assessor.

Boosting of stock valuations to correspond with other Madison County townships was given today by the Board of Review as the cause for an increase of approximately \$11,000 in Pin Oak township assessments. Edward Meikamp, assessor of Pin Oak is the only township assessor who has reported an increase in valuations.

The total decrease may exceed the total of last year. Members of the Board of Review said today that a sufficient value must be maintained to provide the county with taxes to operate various departments.

Last year the assessments of Mr. Meikamp were somewhat below the average of other rural sections with large number of cattle, horses and mules, board members pointed out. In the other townships the averages were about equal. This year he did not make abnormal increases but added enough to the figures to equalize them with other townships.

In Pin Oak township this year the average value of cattle is \$19.62 while the average assessed value of horses and mules is \$29.95. Board of Review members have made comparisons in a number of other townships where records have been returned. In nine of the townships there is a variance of about \$6 in valuation of cattle while there is a range of \$1 in horses and mules.

Following are nine of the townships show the average values: Collinsville, Cattle, \$19.03; Horses and Mules, \$30.60; Moro, Cattle, \$16.02; Horses and Mules, \$30.27; Helvetia, Cattle, \$20.70; Horses and Mules, \$40.83; Omphighent, Cattle, \$13.11; Horses and Mules, \$25.95; Alhambra, Cattle, \$21.15; Horses and Mules, \$40; St. Jacob, Cattle \$20.08; Horses and Mules, \$36.61; Leaf, Cattle, \$20; Horses and Mules, \$40.07; Hamel, Cattle, \$22.15; Horses and Mules, \$32.18.

## WHEAT SALES HERE GROW GREATER; PRICE HIGHER

Fred H. Volger, Bunker Hill, Died at Home There

Wheat sales here continue in the greatest volume in history of the city. Yesterday the wheat growers hauled slightly over 11,000 bushels into two elevators. They received approximately \$8500 for the grain. Morning sales were made at 79 cents while those in the afternoon were two cents higher.

The dry weather of the past two weeks has put the grain into excellent condition for threshing. Separators have been turning out their maximum capacity.

**Reduce Bonds for 11.** Hillsboro, Ill., July 6.—Bond for 11 men held on charges of conspiracy to overthrow the government was reduced late yesterday from \$8,000 to \$5,000 each. The reduction was ordered by Judge Thomas M. Jett of the circuit court on a plea presented by two Chicago lawyers who have volunteered to defend the prisoners.

The men were arrested during a demonstration in protest against relief methods.

**Lower Delinquent Taxes.** St. Louis, July 6.—Delinquent taxes here are lower than in nine other large cities, Edmond Koehn, tax collector, said today. He said that the city back taxes totaled 20 per cent as compared with the other large cities which range from 25 to 66 per cent.

### Home From Hospital.

Miss Charlotte Gueltig was returned to the home of her parents, Mr. and Mrs. C. E. Gueltig, here Tuesday afternoon from St. Elizabeth's Hospital, Granite City, where she underwent an appendicitis operation. She is reported recovering.

## DECLARE MARTIAL LAW AFTER RIOTS IN SAN FRANCISCO

2000 Soldiers on City's Water Front as Authorities Expect Renewal of Fighting Causing Two Deaths.

COMMANDER WARNS HIS TROOPS HAVE FIREARMS

### Labor Union Refuses to Support Striking Longshoremen Said to Be Led by "Agitators" Not Workers.

San Francisco, July 6.—Two thousand soldiers established military law along riot torn San Francisco waterfront today. Their commander intimated they would shoot down rioters without hesitation.

Authorities obviously anticipated renewal of yesterday's frenzied fighting in which two were killed and more than 50 injured.

Adjutant General Seth Howard warned the public to stay away. "These troops are armed with firearms and not with clubs," he said. "After one warning has been issued, the troops will act immediately."

The military either anticipated a strenuous battle or were taking every possible precaution. A battalion of the 143rd field artillery and the 40th signal company were being mobilized. Other detachments of infantry were ordered to hold themselves in readiness.

Remnants of the army of 3,000 strikers that fought so bitterly yesterday, were found in alleys and side streets leading to the waterfront and the warehouse district around Beason Hill. They were sullen and gave no indication they planned to give the troops trouble.

"We cannot stand up to police guns and national guard bayonets," Harry Bridges, "Left Wing" strike leader, said.

San Francisco residents seemed to greet the troops joyfully and the cause of the strikers was further compromised by a refusal of San Francisco union labor generally to support them.

Other unions charged the maritime workers were led by "communists and radicals—men who are not workers but agitators."

At one time yesterday 10,000 rioters were fighting along the waterfront and as many as five distinct riots were going on at one time. The fighting lasted all day, with a brief respite at noon when police and strikers refreshed themselves with sandwiches and coffee.

## CRISIS RESULTS IN APPOINTMENT

Nazi Government Names Dictator of Trade and Industrial Activities.

(Copyright 1934 by United Press)

Berlin, July 6.—A national financial and economic crisis, all but ignored in the bloody events of the last week, impelled the government today to name Minister of Economics, Kurt Schmitt, dictator of trade and industrial activities.

As the result of a practical strangling of imports, factories are increasingly finding themselves short of raw materials. This causes the dismissal of workers. Social repercussions to these conditions are great and doubtless will be greater. The fact that in its effort to push reemployment the government had to cut wage levels is a source of danger.

Retail trade is in a bad slump. Harvests probably will be considerably below normal because of the spring drought—though not disastrously so as early reports indicated.

Despite all this there is no visible ground for the assumption that anything approaching a food shortage faces the country. Food stuffs receive preferential treatment among imports and foreign exchange is always obtainable for them.

Schmitt's dictatorship was regarded as recognition by the government, planning the second phase of its third Reich, that the country's immediate future depends on economic rather than political measures.
